## MEN'S & WOMEN'S ENCOUNTER

HIM treasurer/board member Carla Kormanik and family have been involved with Men's and Women's Encounters for many years. Consisting of 14 teachings over 2.5 days, these retreats help you grow in powerful ways. HIM would like to start a scholarship fund to get men and women to future Encounters. Visit [www.encounterthecross.com](http://www.encounterthecross.com) to sign up and learn more! Would you consider helping this discipleship and education fund?

## HIM MEDIA FUND

We live in a world consumed by media and technology and HIM is right there in there on the cutting edge of it all. As you can see by this newsletter, our newest magazine and all the video reports on Facebook and YouTube, Brian Slater has been doing an incredible job of documenting and communicating the vast ministry and PEOPLE of HIM. This is so important for HIM to be able to give and minister all over the world and encourage and enlighten PRAY-ers, friends, donors and potential investors in the kingdom of God in new and creative ways. But...all of this literally cost tens of thousands of dollars, so we are looking for those who will invest in Brian and our media ministry department. Please consider this in your stewardship & prayers. Thanks!

Order a free copy of the updated HIM Magazine. It is loaded with articles and stories of our ministry partners and beautiful photos. If you are interested in expanding this ministry, we'd be glad to send you multiple copies for your pastors or friends!

### FROM FRED'S HEART

The clock says 1:33 AM, but my heart and mind are running in high gear! The realities and implications of life, eternity, relationships, responsibilities, needs, opportunities, and burdens, and struggles... all spin around in my thoughts. Each person and situation is networked with more and more ripples as "life" flows like a river! (John 7:36-37). My beloved mentor and friend, George Verwer, just released his latest book "More Drop from a Leaky Faucet", which contains three profound, glorious and comforting principles about life and ministry - MESSY! MERCY!! MYSTERY!! Those three words had already been the core and center of my life for the last 10 years! Messy...Mercy...Mystery...how sweet to have someone put into writing your feelings and experience! If you want a copy of this book, please send your address to him at [george.verwer@om.org](mailto:george.verwer@om.org). This is one of the most concise books on "wisdom" I've ever seen. Spring time will be proving again this year that there is... LIFE AFTER DEATH!! PTL!! I'm so excited about this year and trust you will keep all of the H.I.M. people and projects in your prayers. I'm actually a very "poor" boy at heart and still cannot believe how God has and is using H.I.M. around the world and increasingly here at home. We have a serious list and budget for directly helping strategic leaders in ministries who are looking to us for help. I'll send you that list if you request it. In all that we're doing in so many ways all over the world, our target and number one priority is still "HE. MUST. INCREASE." John 3:30 I hope you enjoy this newsletter and remember this is a lot of weight and burden for us to carry "alone" - so thank you for being part of our team! In his reality- Fred Kornis

### FROM ANGEL'S HEART

Have you ever met someone "by chance" or what might initially seem to be randomly, but soon you realize it could only have been caused by God? If you've had an encounter like this that seems too good to be true, then perhaps it was a divine appointment. A divine appointment is "an apparently coincidental encounter or event that has actually been caused by God for some specific purpose. This purpose may be obvious during the encounter, or the purpose may become apparent only some time later." Let me share with you an amazing story of what can only be described as a divine appointment, bringing together two strangers from across the United States through HIM for His glory. About a year ago, Fred asked me if I'd follow up with a donor who wanted to partner with HIM on a project in honor of her late husband. I had no idea who she was or what her story was, but I did know that she and her family were longtime friends of Fred and Barb. Although I was a little hesitant to call up a stranger, I was more intrigued about how I could help make this project special to honor her late husband. Over the next several months, we corresponded by email and text, but I found myself praying for her and thinking of her often. Somehow God had given me this supernatural love for a woman I hardly knew. I would send her messages unknowingly at the most opportune times - days she was struggling, birthdays, anniversaries, special days of joy they had together, etc. I know that only God could have given me that "gut feeling" to reach out to her at those times. The project was completed in July when we took Bibles to Nicaragua in his memory, but our friendship has continued to grow and bloom like a beautiful flower. We began to talk more and more and share our lives with each other. I continue to be blessed over and over by this woman - learning from her, being inspired by her faith and strength in God and encouraged by her words of wisdom, kindness and faith. I had been praying that somehow God would bring us together to meet one day face to face ... and just two weeks ago, He did that. I flew across the U.S. to see someone I'd never met before and it was like we'd known each other all of our lives. I went thinking I'd be a support for her since it would have been their anniversary that weekend, but I left feeling like I was the one who was truly blessed. So I look back at that scenario with just the facts and I think, "How can two people connect like that - over 600 miles apart and only knowing two people in common?" Only God. Only God can orchestrate a friendship like this that would be a blessing to both of us and be exactly what the other person needs. Throughout the Bible there are many examples of divine appointments. Time after time God leads the faithful to cross another person's path and great things happen! I pray that you would be aware of the living God's presence in our everyday lives and you will see many divine appointments in your life. - Angel Hecht

## INDIA/NEPAL MINISTRY TRIP

For six weeks we covered over 12 zones all over the "10/40" window... the most concentrated group of unreached people groups left in the world today. Personally visiting, equipping, encouraging and investing in 20 indigenous National leaders affiliated with HIM. The generational ripples spread far and wide with 40 years of consistent relationships and ministry in this vast harvest field. Supplying equipment, vehicles, Bibles/books, medical supplies, funds, love and encouragement— God is moving and building His Church. Every day had "ETERNITY" in it, but what a highlight to have Brian and Fred bring together our international team of workers from Nepal, Pakistan, India and the USA for several days in Katmandu. This is the very heart of Buddhism, Hinduism, Islam, and influenced by the United States wicked secular humanism! One day was spent in intense PRAYER and intercession for all people with a world map. We were often on the streets evangelizing, providing on-going help for earthquake victims, and supporting a rescue/discipleship ministry to girls in one of the worst sex-trafficking areas of the world. Please pray for us, and all of our partners in India and Nepal "GO into all the world and share the good news." — Jesus

# PARTNER WITH HIM

TAKE OWNERSHIP OF GLOBAL MISSIONS BY ADOPTING PALS! (PARTNER AND LEADER SERVANTS)

"What draws people to be friends is that they see the same truth. They share it" - C.S. Lewis

The core of our main conviction has always been to get our 'crumbs' to those who need them the most! We can't do this without you. \$25 or \$40 each month - planted into the lives of our partners can have a dramatic impact in villages and cities around the world. HIM has always been a 'mom and pop' missions organization and our staff of volunteers, global partners and our projects and disaster relief funds are supported entirely by the generous donations of people like YOU.

Enclosed is a special insert listing our PALS and their various ministries, work, projects and emphasis. Please join us in PRAYER for our partners, and consider supporting one with a monthly donation. If you would like to know more, many of their stories or testimonies are featured in our new HIM magazine, available for free upon request. Perhaps you have a Bible study, Sunday School class, VBS, office/business or small group that could help support one of the following projects:

- Sewing ministries for women
- Film/literature in villages
- Bibles to unreached people
- Children in orphanages
- Sex trafficking rescue in Nepal
- Vehicles, motorbikes & bicycles
- Training/discipleship scholarships
- Church planting
- Water well construction
- Evangelism
- Community outreach to Muslims

Thanks for your serious consideration and willingness to recruit others who need to be involved! We would love to send you some extra magazines to distribute on our behalf!

Thank you for your prayers and donations!

See our insert for a full list of PALS!

Pastor Joshua has been working in the ministry since the 1960's, risking his life to spread the Gospel in India. Fred and Joshua have known each other since their first days of working with Operation Mobilisation. Today Joshua runs a private school in north India. His four sons and wife all join in the work of evangelism and church planting in their community, as well as Nepal. They also foster several orphans from the surrounding community. Joshua and his family have an amazing story and testimony of God's faithfulness.
